Set Up an Address Book on a Yealink Phone

Santiago Garcia - 2024-04-08 - Yealink Devices

Set Up an Address Book on a Yealink Phone

You can add and manage addresses either via the DSS tab or alternately by importing a variety of format types using the Directory function.

- **DSS:** Using the DSS you can depending on model type configure up to 27 Speed Dials
- **Directory:** The Directory enables you to add via the Web UI directly, import your own XML or CSV lists, or finally connect to your LDAP directory source.
