### Do Not Disturb (DND)

When enabled, incoming calls will receive a busy tone or a recorded message for your voicemail. Also, all features that are enabled when you are unavailable will be active if DND is ON.

1. Select Switchboard > Select Number.
2. Select Inbound > Do Not Disturb.
3. Enable DND.

The screenshot shows a mobile app interface for 'Do Not Disturb' settings. At the top, the title 'Do Not Disturb' is in a large, bold font, followed by a question mark icon. To the right is a toggle switch that is currently turned off. Below the title, the word 'Active' is displayed. To the right of 'Active' is a dropdown menu with 'All times' selected. At the bottom of the screen are two buttons: 'CANCEL' and 'SAVE'.
