Call Return

Mike Johnstone - 2025-11-29 - Outbound

Call Return

You are able to use shortcodes to call the last number you dialed.

This is a very handy feature, particularly if you are using an entry-level handset that does not have this functionality enabled on the handsets themselves.

- 1. Log into your account.
- 2. Select Switchboard.
- 3. Select number.
- 4. Select **Outbound > Call Return**.
- 5. Toggle the setting to \mathbf{ON} .
- 6. To repeat the call to the last number, press *69.

Call Return

Dial *69 to dial the last number that called you is active.
